

Est. 1935 Modern ever since

We are the prototype for a modern integrated arts centre. What started as an experiment in democratic social enterprise has become a blueprint for cultural provision and audience engagement.

Our vision

To be a flagship centre for the arts and a vibrant cultural hub for the south-east, owned by our communities and known for our programme nationally and internationally.

Responding to our world class architecture and living heritage, to allow greater access to cultural experiences, and to ensure culture-led regeneration for the region into the next decade and beyond.

FINANCIAL

OUR OBJECTIVES

- 1 Produce, present and promote a **high-quality programme** of modern and contemporary work that responds to the needs and aspirations of both artists and our audiences.
- 2 Enable **artists** of every culture and discipline to create new work or present new experiences of existing work within an environment committed to **excellence and best practice**.
- 3 Work with audiences and communities to engage them with the Pavilion and our artistic programme, making it **relevant to them as a visitor or participant**.
- 4 Develop and conserve the De La Warr Pavilion's fabric with reference to its cultural significance and architectural status, and to **promote our heritage through public and artistic programmes**.
- 5 **Maintain a viable, resilient, and sustainable business model**, seeking to diversify income streams by growing fundraising and commercial activity.
- 6 Be a **catalyst** for the cultural, economic, tourism and social **regeneration of Bexhill** and the surrounding region.
